# BUG 1

## Multiple Files Attachment

Description: Let's the user select multiple files at the same time and add them. But all the files are added as a single file.

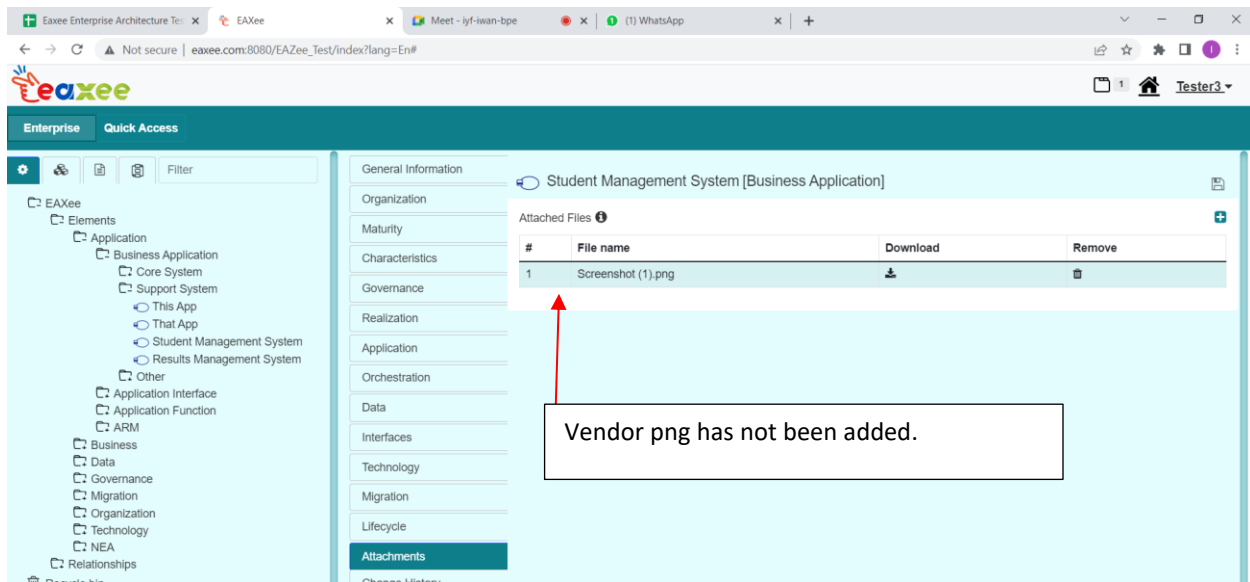

# BUG 2

## Multiple Files Attachment

Description: All the files above the bug1 file attachment are not added in the elements form attacments.

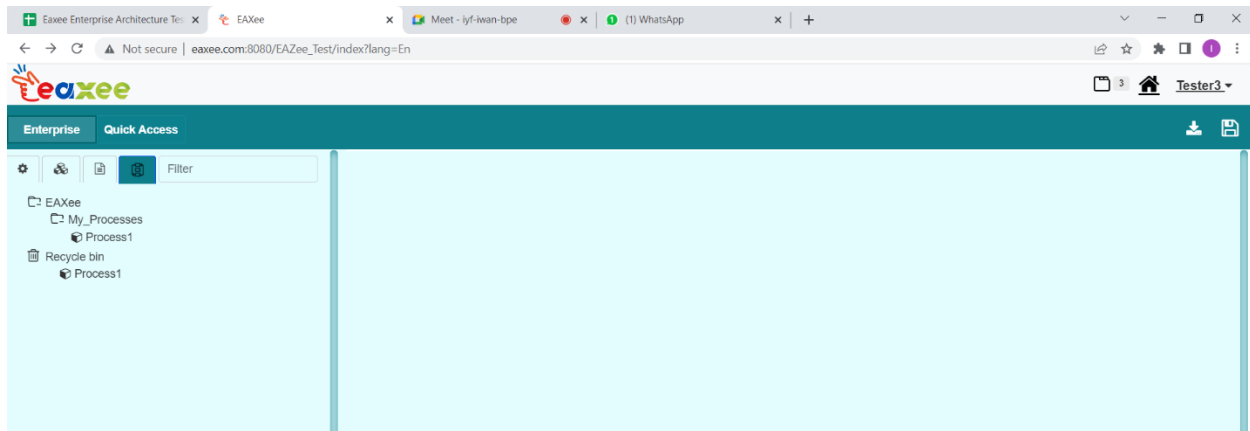

Vendor png ( above the bug file ) not added as an attachment in the form of student management system.

Vendor png has not been added.
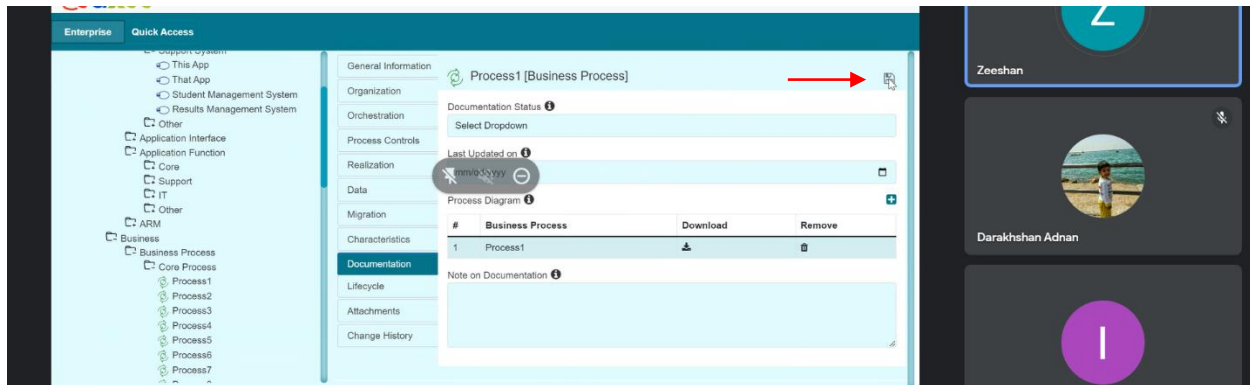

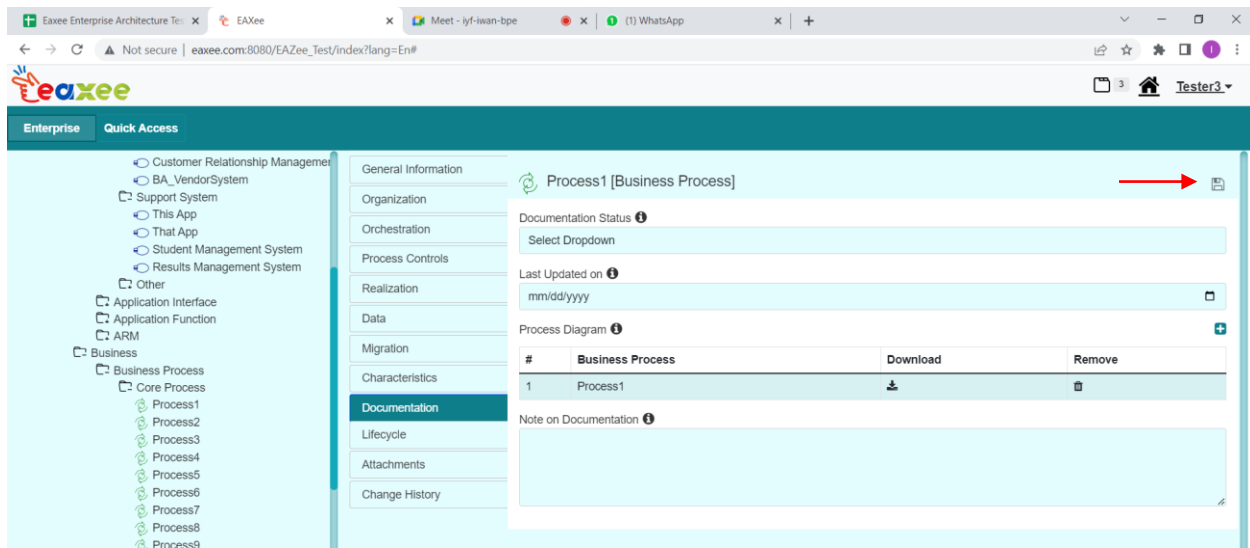

# BUG 3

## Process Removal

Description: Process has been removed from the folder of My_Processes but shown in both recycle bin and folder.

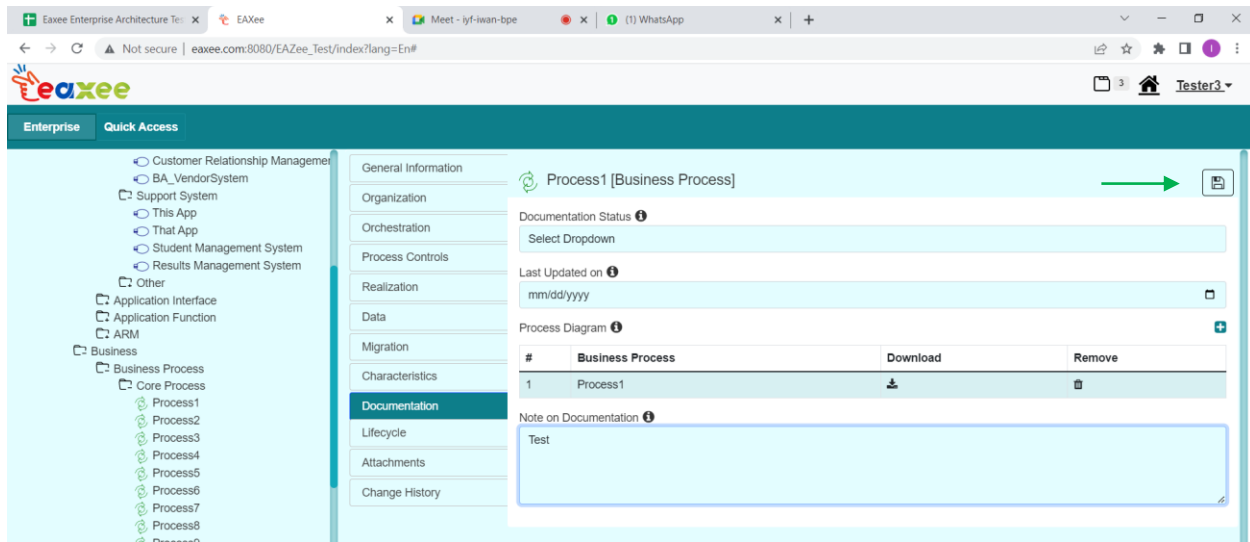

# BUG 4

## Save Button Functionality

Description: Process has been attached as a document but save button is disabled.
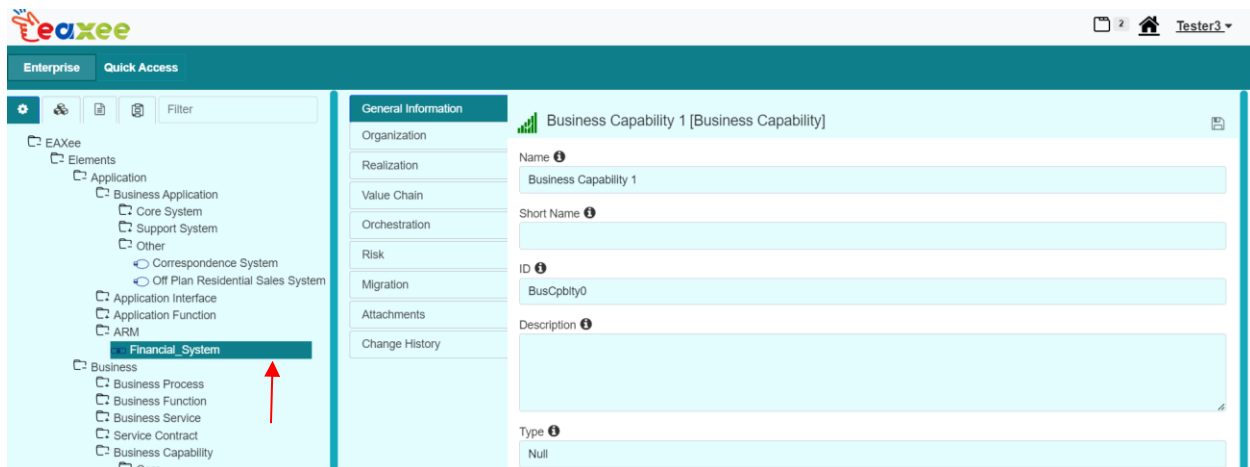

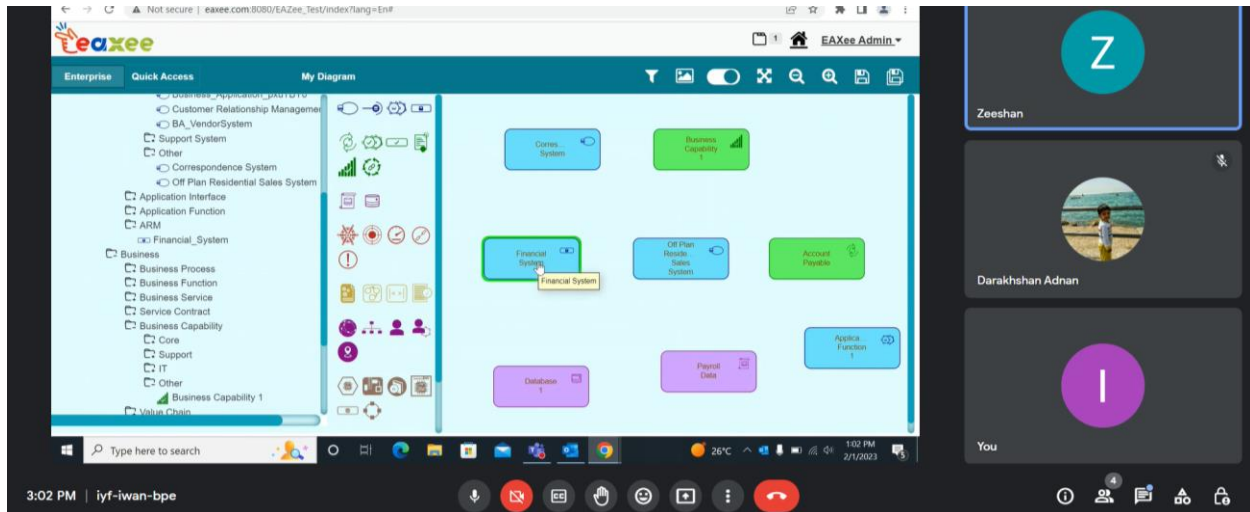

Important: Any other operation in the form enables the save button.

# BUG 5

## Element Name

Description: Element has been named as Finanacial System from canvas, in the hierarchy tree it is shown as Financial_System.

# BUG 6

## Save All Functionality

Description: File has been named "My Diagram Copy" and save all is pressed.

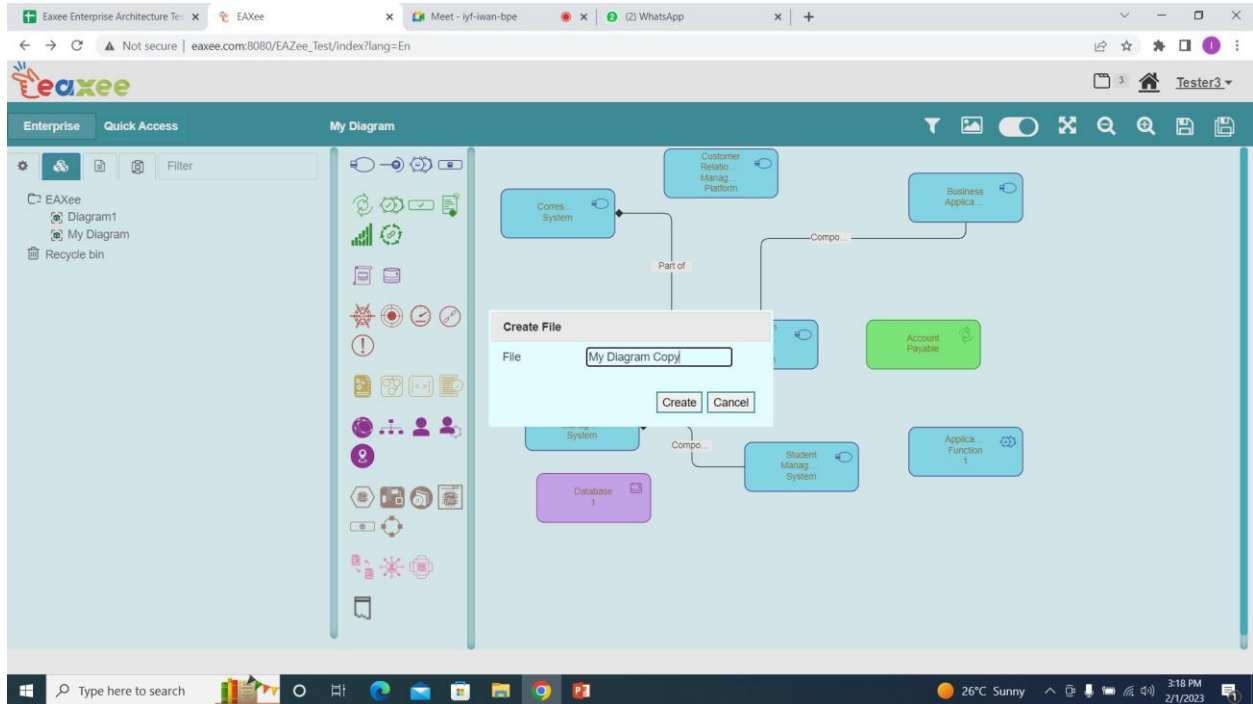

The copy is not created.

# BUG 7

**MultiUser Synchronous Update**

Description: The object was renamed from "Customer Relationship System" to "CRM System". The changes were updated in my system however the updates were not shown at Sir Zeeshan's File.

Sir Zeeshan:

My System:
